1. Objective 1

Task Assignment:

Put here the question(s), or part of the objective that you are answering.

Solution:

Place your solution to the given task here (image, screenshot, comment, according to the assignment, type, and nature of the task). Always provide commentary for any image. In the case of an image, check the readability of the output even after conversion to PDF. Make images or screenshots large, even across the whole page if necessary; in cases where it is appropriate, highlight important information in the image, for example using a red frame.
